*"FOUNDER - LIVING IN A WEALTHY PLACE
Speaker | Life Coach | Licensed Minister*

*"One thing have I desired of the Lord and that will I
seek after; that I may well in the house of the Lord all
the days of my life, to behold the beauty of the Lord
and to enquire in His temple." Psalm 27:4*

Robin M. Robinson is a native of Cincinnati, Ohio. She was blessed to be raised in a two-parent Christian home where her parents instilled in her the importance of knowing God's Word as the truth - nothing can stand against the truth, and you will not be ashamed of the truth.

Robin earned her Bachelor of Science degree in Information Technology and her Master of Business Administration in Taxation, both from Xavier University, Cincinnati, Ohio.

My background

Robin is an active member in her church where she has been a youth leader, choir director, and Intercessory Ministry leader. She has been a biblical studies teacher for over 40 years and was licensed as a minister in December 2018. She has had the opportunity to travel to other countries to share the gospel and experience God's working power of healing and deliverance.

Robin worked in the corporate world for 36 years and retired in July 2020. Now in full-time ministry, she is the founder and CEO of Living in a Wealthy Place. Founded on Ill John 2, the mission is to equip people in knowledge and support them in all areas of their total well-being: spirit, body, and finances.

Spiritual Leader

The first scripture I learned at age 7, was Matthew 6:33 'But seek ye first the Kingdom of God and His righteousness, and all these things shall be added unto you. Putting God first is a discipline. When you intentionally seek the Kingdom and God's righteousness, God will reveal Himself, the power of His Name, the workings of the Holy Spirit, and the authority we have against spiritual warfare. I have watched God perform miracles, open doors in my career, and comfort me during the loss of my parents. I owe all that I am and everything I have to Him. To God be the Glory. I became a licensed Minister in 2018 at Rockdale Baptist Church where I also serve as an Intercessory Prayer Ministry leader. I have been a biblical studies teacher for over 40 years. It's crazy and rewarding to watch the generations that I taught, now preach and teach the next generation.

Entrepreneur

Living In a Wealthy Place was launched in January 2022. The vision came as I watched an episode of 'Lifestyle of the Rich and Famous.' It was a show of glitz and glam of the wealthiest and most famous people in the world. In my spirit, I heard the Lord say, 'This should be about My people - Living In a Wealthy Place.' It wasn't about the glitz and glam but about the influence and impact believers should have in this world. We, who believe, are wealthy and prosperous in Christ.

This ministry is established on III John 1:2, 'Beloved, I wish above all things that you prosper and be in health, even as your soul prospers. Keys to Abundant Living, Keys to Financial Freedom, and Keys to Good Health is the message of experiencing the fullness of God's love and plan for our lives.'

It's an intimate relationship with God that bears witness in our spirit, body, and finances—the gospel message to be shared with other believers and as a testimony to the non-believers.

After 34 years, I retired from the corporate world in 2020, where I worked as an Information Technology Specialist and a Tax Representative. I also owned real estate properties for 20 years. As I embark on this ministry, I want to equip believers for greater works in the Kingdom as they grow spiritually, take control of their health, and prosper financially.

Published Author

To My Beloved ~ Love Letters from God is my first book. I would hear Evangelist Marilyn Hickey say, "God loves you. Do you know He calls you His beloved? The word beloved is in the Bible sixty-three times." The ways she made those statements always struck a cord in my spirit.

One day I was doing a study on God's love, and the Holy Spirit spoke to me, saying,
"Write a book and title it To My Beloved. I want My people to know how much I love them."

I didn't know what to do with that message because reading books is not on my favorite pastime list.

So to write a book was nowhere on my radar. But I was curious about the subject matter. Is there more to God's love than I have experienced? He has already blown my mind on so many levels, but is there more? Apparently, there is because He commanded me to write.
